18th September 2017

Dear Parents

Parents Calculation Meeting (All Year Group Parents Welcome) Monday 9th October 2017 at 5pm

We use many different written calculation strategies in school and will be holding a meeting for parents of children in all our year groups with regards to how we teach maths. We will demonstrate how written calculations for all four operations progress from Foundation Stage to Year 6. Some of our calculation strategies have been amended in light of the higher expectations of the current curriculum; this is particularly relevant for years 3 and 4. New strategies will be updated on our website as well. If you would like to attend, please can you fill in the reply slip so that seating arrangements can be made.

We would ask that children do not accompany their parents to this meeting please, as it could be quite boring for them! The meeting should last no longer than an hour.

Yours faithfully

Lisa Williams
